

## Calcium Bentonite Clay Tips & Testimonials from Perry A~

It's Perry A~ and I am back. Though we sold the Living Clay business in 2015, I have not retired from educating people to the plethora of uses of Calcium Bentonite Clay and answering their questions (512-773-0335 [perrya@perrya.com](mailto:perrya@perrya.com)) in an effort to understand this complicated natural substance. As I promised I will maintain the free clay information website [www.BentoniteClayInfo.com](http://www.BentoniteClayInfo.com). Since retiring from the webinars due to ongoing increasing expenses, I am picking up the slack by sending tips, articles, suggested protocols and new testimonials to share the magic of Bentonite Clay.

For a definitive guide to understanding and using clay I recommend my newest book *Calcium Bentonite Clay Nature's pathway to Healing – Balance, Detox, Stimulate, Alkalize*. You can order from [www.TheClayBook.com](http://www.TheClayBook.com) or [Amazon](http://Amazon.com).

Today's Tips & Testimonials is about Clay Baths Detox Lead in 3 yr. old

My 3 year old son was diagnosed with high levels of lead in his blood - 7.3. The doctors wanted to put him on drugs and intravenous chelation. I had heard about Calcium Bentonite Clay for detoxing and wanted to try it first. I gave him 2 clay baths a week using 1 cup of clay in each bath for 3 months. My son calls them chocolate milk baths. Went back for the check up in 3 months and the doctor came in and asked "What have you been doing?" He said there was no sign of the lead. Wanted to know what he had doing to get rid of the lead. I told him about the clay baths. I was giving him a little liquid clay, 1 Tablespoon at night for acid reflux and that is all we did. After a few baths my son started asking for chocolate milk baths. – Ben H.
