

## Calcium Bentonite Clay Tips & Testimonials from Perry A~

It's Perry A~ and I am back. Though we sold the Living Clay business in 2015, I have not retired from educating people to the plethora of uses of Calcium Bentonite Clay and answering their questions (512-773-0335 [perrya@perrya.com](mailto:perrya@perrya.com)) in an effort to understand this complicated natural substance. As I promised I will maintain the free clay information website [www.BentoniteClayInfo.com](http://www.BentoniteClayInfo.com). Since retiring from the webinars due to ongoing increasing expenses, I am picking up the slack by sending tips, articles, suggested protocols and new testimonials to share the magic of Bentonite Clay.

For a definitive guide to understanding and using clay I recommend my newest book *Calcium Bentonite Clay Nature's pathway to Healing – Balance, Detox, Stimulate, Alkalize*. You can order from [www.TheClayBook.com](http://www.TheClayBook.com) or [Amazon](http://Amazon.com).

Today's Tips & Testimonials is about treating a horrible second and third degree burn.

### **Burn: Second and Third Degree on Foot**

I used clay on a large second and third degree burn on my foot when boiling pasta water exploded when i added salt to it . It melted my sock onto my foot.

I was being treated as an outpatient in a burn clinic and after 3 weeks it was not healing. They were planning a skin graft but I wasn't. So I applied the wet clay for about 4 days and it began to heal. They were amazed and I should have used it sooner. I have a dark scar but no keloiding which is also amazing.

Thank so much for your wisdom and sharing it and saving my life from sepsis. I am a former critical care nurse and I abhor using meds unless I have no choice. I know the horrible side effects and iatrogenic disease that we cause in the process. Thank you so much. – R. C.
